

BUBA MOHAMMED AUWAL

Backend Engineer

+2349091506484 | Email: Juniorbuba4real@gmail.com | Github: [juniorbuba](https://github.com/juniorbuba)

Complex problem-solver with analytical and driven mindset. Dedicated to achieving demanding development objectives according to tight schedules while producing robust and scalable server-side code. Hardworking and passionate with strong organizational skills and ready to help team achieve company goals.

Work History

Backend Engineer

Clooper (2023 - current)

- Improved caching mechanisms on an internal API to enhance speed and responsiveness
- Automated routine backend tasks using scripting languages, reducing manual intervention and improving efficiency
- Analyzed user data and feedback to iteratively enhance backend features

Backend Engineer

Techdroid Systems (2021 - 2022)

- Designed and implemented scalable backend architecture accommodating a 50% increase in user traffic over eight months
- Collaborated seamlessly with Frontend Engineers to improve the principal Hotel Management System
- Designed and developed a Reservation System that enabled seamless booking of registered hotels and serviced apartments
- Ensured maximum business operations by optimizing REST APIs to operate at maximum efficiency and scale depending on usage to avoid timeouts
- Migrated legacy systems to modern backend frameworks, enhancing system stability and maintainability
- Deployed internal APIs to AWS EC2 and Elastic Beanstalk including data storage using AWS RDS

Associate Engineer

HiiT PLC (2019 - 2021)

- Worked with multiple teams of engineers over intensive 90-day sprints during which industry-grade software was built
- Enhanced existing applications features by effectively fixing bugs and optimizing overall performance and reliability
- Built, deployed and maintained multiple RESTful APIs ensuring smooth operations through routine maintenance and upgrade.

Education

B.Sc. Computer Science

Ahmadu Bello University – Zaria (2015 - 2019)

Diploma: Web Development

Hands-on Intensive Institute of Technology (2018)

Technical Profile

HTML, CSS, JavaScript, MySQL, PHP & Laravel, Git & Github, jQuery, Docker, MongoDB, Node.js & Express, Postman
